Accredited By:	The Open Group	**Language:**	English

Course Overview

This is an accredited online training course, designed by TOGAF experts to prepare you with everything you need to gain TOGAF certification at Part 1, or Foundation Level.

This course will provide you with a good knowledge of the core TOGAF principles and concepts and will enable you to prepare for, and sit the TOGAF Foundation exam.

This course is flexible to suit your particular learning needs. You can take the course when it suits you by studying online via a web browser.

TOGAF provides an iterative approach to development at four levels of architecture: Business, Application, Data, and Technology. The Architecture Development Method, or *ADM*, is the keystone of the framework.

Who Should Take This Course?

This course is ideal for architects looking to learn about TOGAF before becoming certified.

Examination

The exam is a closed book, multiple choice exam consisting of 40 questions. The pass mark is 55% (22 questions out of 40) and there is a time limit of 60 minutes to complete the exam.

Included with the course is a free voucher for the exam, which can be taken at authorized Prometric test centers around the world.

Accreditation

This TOGAF course has been approved and accredited by The Open Group, developers of the TOGAF methodology.
